

HGV / LGV Training with Approved Vocational Training Telford

Contact DSA Registered Instructor James West [CMILT FAIRSO](#) on Telford 01952 406581

This document only applies to you if you passed your driving test before 1997 and have Acquired Rights.

Primarily you need to go to the DVLA website and order a D2 Pack which includes forms D2 and D4 or you can download from [here](#)

You must undergo a Medical Examination; Form D4 must be completed by a doctor at the examination and be signed by you in their presence. The fee for this service varies considerably from GP to GP, we can put you in touch with a Shrewsbury GP who will do the Medical Examination for £35, please contact us for details

With a successfully completed D4 Medical Examination Form, you now need to complete Form D2 for provisional licence entitlement in for your selected category and post both forms including both parts of your driving licence to DVLA, Swansea, SA99 1BR. There is currently no Fee for adding provisional category C to your licence. (We can help you to complete the forms if necessary at no extra charge)

You will have to complete and pass both parts of an official driving theory test which include a multiple-choice theory Test and a Hazard Perception Test. You can book your test at the official gov.uk website [here](#). Pricing is currently £55 for the multiple-choice test and £15 for the hazard perception test, which you'll pay for when booking the tests

Once you have passed your official theory test and have received your driving licence back from DVLA showing your provisional entitlement it's time to get in touch with us so we can book your vocational test and training

As a driver with Acquired Rights you do not need to complete the Driver CPC Case Study or the Driver CPC Practical Demonstration; and as such may start driving professionally with immediate effect after successfully passing your vocational test, you do however need to ensure that you have completed your Driver CPC Qualification by completing 35 hours periodic training by 10th September 2014

Part	Test Type	Booked with	Duration	Fee £	Remarks
1	Multiple Choice Theory Test	Pearsons	1 ½ hrs	£ 35	Can be booked with Hazard Perception

We strongly recommend obtaining the following study material:

The Official DSA Theory Test for Drivers of Large Vehicles CD-ROM (ISBN 9780115527937) £35.00. 2. The Official DSA Guide to Hazard Perception DVD (ISBN 9780115528651) £15.99. 3. DRIVER CPC - The Official Guide for Professional Goods Vehicle Drivers book (ISBN 978-0-11-553001-2) £9.99.

The above can be purchased via the Internet from many sources such as Amazon, WH Smith etc. See also www.dsa.gov.uk

Driver Training / We are able to offer 3, 5 & 7-day courses, plus extra tuition days should you need them. We will prearrange a test for the last day of the course (normally a Friday, subject to DSA Examiner availability)

Driver Training Fees / Our fees are very competitive, please e-mail or call for details (Tel: 01952 406581).

Category C (Rigid) training / On successfully completing the training and passing the category C driving test, the Driving Examiner will retain your Drivers Licence and inform DVLA Swansea of your test pass result.

DVLA will automatically issue a new licence to your address (as shown on your licence). It will automatically show Category C+E 'Provisional' entitlement. Once this arrives with you, you are ready (if you wish) to progress to the next stage, which is Category C+E (Artic). There is no waiting period between licences; you just simply need to receive the licence back from DVLA with 'Provisional' C+E added.

Category C+E (Artic) training / Please note that we provide a modern Volvo tractor unit and full size trailer for the training. This ensures that you have learned to drive, reverse & couple / un-couple on a vehicle you are most likely to drive after the test.

Note / Some companies provide Category C+E training but do the training in a Drawbar outfit' – whilst this will provide you with a full C+E licence, it will not give you the knowledge to drive or reverse articulated vehicles.

Should you need any further information whatsoever, please do not hesitate in contacting us either by telephone or e-mail. We are always pleased to be of help.
